Date :

formal and should be able to produce data patterns which will help all the stakeholders to understand the growth of individuals and their institutes as whole.

With the ever-growing student race, an upsurge has been noted in the mischievous behaviour as well. Thus, to keep a track of rightful behaviour of students and records all activities and data for every year.

### **The Solution**

eduKnox arose due to many contributing factors. One of major ones is to bridge the communication gap between students and their teachers. eduKnox, is a Communication platform designed for ease of Institute's day-to-day activities. Not only it helps to collaborate Students, Parents, Faculties and Institutes' Management, but also helps to grow in-class Engagement amongst students. This multi-layered solution available for all stakeholders.

Apart from bridging the gap, we're to introduce a new method to keep the students engaged in day to day activities of their colleges and institutes!

### **Benefits**

Teachers may keep a track of attendance, assignments, study materials just on the go of their palmtop devices. Students on the other hand shall enjoy the facility of live updates of various activities and events held in college premises, get updated about their performance, submissions, study materials and attendance!!

### **Terms & Conditions**

The details for the efficacious implementation of this Memorandum of Understanding shall be jointly worked out on mutually acceptable terms within the parameters of the policies, rules and regulations of both the Organisations.
