Overview

The student development programme (SDP) is organized to provide each student with the opportunity to grow and reach their potential by developing the knowledge, skills, and ability that will help make a difference in their career. The SDP envisages to help students to identify their present potential and improve on their shortcomings while simultaneously improving application-oriented learnings about the course. The first SDP for MBA I Semester 1 was based on the CCE- "Movie Review". The students were guided to create and present a movie review.

Objective

1. To develop observation and understanding skills of the aspiring managers
2. To inculcate analytical and evaluation skills among MBA students
3. To explore the creativity, communication and presentation skills of aspiring managers.

The judges for this SDP were:

- Dr. Manisha Kulkarni
- Ms. Rossy Mathur

Summary

The first Student Development Program (SDP) aspires to dive into the observation and thinking ability of the students following which the first SDP for MBA I Sem I is on Movie review. The movies selected for the students were motivational movies for entrepreneurs. The Institute promotes entrepreneurship and to ignite the spirit of entrepreneurship these students were given the activity of Movie Review.

The students were guided regarding the flow of presentation of movie review. They were suggested to ensure that the introduction was catchy enough to grab the attention of the audience. Students made use of the AIDA (Attention,

**Report on
Business Model Canvas**

Theme: Model Making

**Date: 17 May 2023
Time: 1:30pm to 5:30pm
Venue: IICMR Auditorium**

overview

The workshop on Business Model Canvas was organized by MBA@IICMR for MBA students, in which the students first identified the problem through extensive Literature review, followed by use of marketing concepts for scaling the business and the use of digital business Model canvas for smooth functioning of the business.

Objective

- To increase and develop the students' perception in design by interacting and manipulating their design compositions physically.
- To create a collaborative learning environment among students to strengthen learning outcomes
- To foster creativity and innovation in designing and developing models, among the students

The judges for this workshop were:

- Dr. Abhay Kulkarni
- Dr. Ashutosh Misal

Summary

The themes allocated were based on the sustainable development goals , the themes assigned were:

1. Quality Education
2. Energy
3. Mobility
4. Health & Wellness.

The students were guided on the rationale for model making which included the following:

- ✓ Define the problem
- ✓ Identify the criteria you will use to Judge the problem
- ✓ Generate a list of possible alternatives
- ✓ Evaluate those alternatives
- ✓ Determine the best solution
- ✓ Prepare a Prototype

The concepts of the course Business Research Methods enabled the research on the given theme and identification of problem through literature review.

The learning from the course Basics of Marketing enabled the use of 9Ps of marketing mix for communicating the Value offering to the target market and reshaping the offering to serve the predefined Market more effectively and efficiently.

The insights from the course Digital Business supported in creating a technology interface to the offering that could scale up the business and maximize the offering. It also helped in creating the Business Model Canvas for the offering.

The students developed models based on assigned themes, the models presented were supported with a detailed literature review, followed by the application of 9Ps of Marketing Mix and the technology interface used along with the proposed business model canvas. The judges highly appreciated the efforts of the students and were elated to see innovative ideas along with creative prototypes.

Outcome:

- The students understood the basics of problem identification
- The students displayed unique models of their ideas.

Conclusion

This workshop was conducted in the auditorium and the students displayed good models and presentation skills. The session was conducted smoothly. The students were delighted with the workshop and mentioned the insights given by the judges were truly helpful.

Activity Report

1. **Title of Activity:** "International Yoga Day"

2. **Date & venue:** Wednesday, June 21, 2023, IICMR, Nigdi Campus.

Venue: IICMR Auditorium

Time: 09.30am to 11.30am

3. **Description of the activity:**

To mark the importance of physical and mental well-being, International Yoga Day was celebrated with active participation of all MBA Students and faculty members.

4. **Objectives of activity:**

a. The purpose of this program was to make students aware about the importance of mental and physical health.

B. Students were given the live demonstration of regular Yoga Routine.

5. **Activity Experience:**

International Yoga Day was proposed by India and recognized by the United Nations General Assembly in 2014 to promote the practice of yoga and its benefits worldwide. It aims to raise awareness about the physical, mental, and spiritual benefits of practicing yoga.

The International Yoga Day serves as a platform to emphasize the importance of yoga in achieving a healthier lifestyle and promoting overall well-being.

Yoga is an ancient Indian practice that combines physical postures, breathing exercises, meditation, and ethical principles to harmonize the body, mind, and spirit. It has gained popularity worldwide as a holistic approach to improving mental and physical health, linguistic, religious, and cultural identities.

Dr. Jagtap and Mrs. Veena Patil from Patanjali Yog Peeth were the demonstrators for the Yoga practice. Dr. Jagtap addressed the students and explained the importance of flexibility and consistency for maintaining overall health.

He further explained the importance of millets and their benefits for the body and urged the students to celebrate one day in month for "Clean Eating". Dr. Abhay Kulkarni announced 21st of every month to be the Yoga Day for MBA@IICMR.
